CAS OF PASSMORE WILLIAMSON

Edited, with an Introduction and Notes,

BY RICHARD HILDRETH

One Volume, 420 pages, 12mo Price $1,00

THE various and human hunting expeditions which have, during the past year, been made into the North, and the numerous trials had before the Jerry, the Sims the Burns and similar cases are the crowning acts of infamy enacted by

JUDGE KANE UPON PASSMORE WILLIAMSON

have excited the profoundest indignation and alarm The Publishers believe, therefore that this work if attested and clearly drawn record of what judges have done, will lead the people to see what, if unchecked, judges may still do

The publishers, including HON. SALMON P. CHASE, will find in this work a complete vindication of their action in the case of Passmore Williamson, and one of the largest sales of any of their publications is confidently anticipated

Christadoro's Hair Dye still Triumphant!

CONTRAST the tints brought out in the hair by Christadoro's matchless revitalizing Hair Dye, and it can be produced by application of the burning fluids ordinarily sold as Hair Dyes, you will at once see that the color is natural in one case unnatural in the other, and the simplest eye can tell that Christadoro's is the only preparation which by its exact chemical combination operates on natural and unnatural principles. Made, sold and applied (in 10 private rooms) at Christadoro's, 6 Astor House, Broadway N. Y. Also for sale by the principal Druggists and Perfumers throughout the country

CONGREGATIONAL SINGING.

UNQUESTIONABLY the best and most useful Hymn and Tune Book yet published for the use of Lectures, Prayer and Conference meetings, Social Worship and Congregational Singing is

Temple Melodies.

This work contains five hundred Hymns and two hundred Tunes. It has been pronounced the best collection of sacred lyrical poetry ever issued, and undoubtedly embraces a larger number of really favorite tunes already used throughout the length and breadth of the land than any similar work. It is also the advantage of being furnished at a very low price, thus bringing it within the range of almost all congregations TEMPLE MELODIES is already in very extensive use and is constantly being more widely introduced Letters from many clergymen speaking in the highest terms of its merits, are in the hands of the publishers We earnestly invite the attention of clergymen and all others who are interested in securing a general participation in the singing exercises of Divine Worship to this work.

To meet the wants of all two editions of TEMPLE MELODIES are published—one in large, and the other in small type In other respects, these editions are page for page precisely alike, so that they can be used together in the same congregation. The prices are as follows

Twelve mo Ed (small type), cloth binding per doz $5 00
Twelve mo Ed (large type), cloth binding, per doz 7 00
Twelve mo Ed (large type), cloth binding, per doz 7 00
The same, in leather binding, per doz 8 00
Single copies sent for examination, on the receipt of 50

KANSAS MASS MEETING.

On Thursday Evening, March 6th, '56.

A KANSAS MASS MEETING will be held in this city on Thursday evening of next week, March 6th. Its objects are to raise *men and money* to aid the Free State men of Kansas, when the Freemen of Wisconsin agree that such assistance should be rendered, and to give expression to the prevailing sentiment in the State.

The people of the State are invited to unite in this demonstration, and send delegates to the same. Delegations will be received at Young's Hall from 5 to 6 o'clock on the afternoon of that day.

☞ Papers throughout the State friendly to the movement, are requested to publish this call.

News of the Morning.

Mr. RYAN, of Counsel for Bashford, closed his argument on Saturday morning, and was to be followed by Mr. ORTON, of Counsel for Barstow, in the afternoon. Both branches of the Legislature adjourned until to-day at 3 P. M.

The steamer *Arago* which arrived in New York on Saturday, brought despatches from the British Government to their Minister at Washington.

Not much reliance is placed in the report in reference to the missing steamer having been seen in the English channel.

A full report of the Railroad meeting, held at the Court House on Saturday evening, will be found in another column.

Kansas Aid Meeting.

Calls for the proposed Kansas Aid Meeting, on Thursday next, were circulating in our city on Saturday and received a great many signatures. The meeting promises to be a large one and its influence can hardly fail to be salutary. The movement originated with the Young Men of our city and is directed especially to the Young men of the State. They are the ones to ensure its success.

Wisconsin Annual Register.

The last form of the Wisconsin Annual Register is on the press and the work will be ready for delivery, towards the close of the present week. We shall forward copies by mail to those who have ordered them, without delay. The work will contain a great deal of valuable statistical information about Wisconsin, in neat and convenient form, and will be found useful and interesting to men of business, professional gentlemen, politicians and general readers. We shall publish an edition of 3000 copies, and if any of our advertising friends desire to avail themselves of of the opportunity to circulate their announcements pretty widely, in and out of our state, they can be accommodated if they will send in their favors to-day, or to-morrow.

The Frauds of the Canvass.

The Madison *Journal* of Friday contains some additional particulars touching the forged "supplemental" returns, which merit special attention. It says:

We are informed by a gentleman who has examined the returns carefully, that the facts are as follows: There are two pages of each, of the three supplements from Spring Creek, Bridge Creek, and Gilbert's Mills. The torn edge of the first page of the Spring Creek returns *exactly fits* the torn edge of the first page of the Gilbert's Mills returns. The torn edge of the second page of the Gilbert's Mills returns *exactly fits* the torn edge of one of the pages of the Bridge Creek returns! They are all written on the same kind of paper, the embossed stamp being "Plymouth." Those of Spring Creek and Bridge Creek are precisely the signatures are *in the same hand*. Gilbert's Mills is in another hand, and it is evident that the signatures were *all written by the two men who forged the returns!* This is evidence that precludes the possibility of doubt.

Such is the direct proof of the fraudulent character of these returns. And there is circumstantial evidence to the same effect, scarcely less conclusive. This is the significant and striking fact, that though some three months have elapsed since it was first charged that these returns were forgeries, and that no polls were held and no votes cast at the precincts named; and although these charges have been published all over the State and disproof, or denial again and again challenged, *not the first man has yet been found* to come forward and testify that polls were held and votes cast, as represented, at Spring Creek, Bridge Creek, Gilbert's Mills, or Town 25, Range 10! On the other hand when the Madison *Argus*, to offset these forgeries, undertook to charge similar villainy upon the Republican canvassers, and asserted that the vote returned for Marinette, Oconto County, (5 for Bashford, 3 for Barstow) was *bogus* and that no poll was opened there, the falsehood was promptly met and *nailed* and the correctness and regularity of the returns certified to, by the Postmaster at Clarksville, in the Town of Marinette, and by the Clerk of Oconto County. No such evidence sustains the truth of the Barstow "Supplemental" returns. Men could be found to forge and mail these precious documents, and the State Canvassers did not scruple to receive and count them, but even the ranks of "the Party" cannot furnish the "swift witnesses" to verify them by oath.

THE KNOW NOTHING SPLIT.—We have already stated that a large number of Delegates *seceded* from the K. N. Convention, and signed a protest against its action, calling a new Convention, &c. The protest appears in the New York papers of Monday. It is signed by 41 delegates; 13 from Ohio, 6 from Connecticut, 6 from Pennsylvania, 5 from Michigan, 2 from Massachusetts, 1 each from Iowa, Illinois, New Hampshire and Rhode Island, and 5 from Wisconsin, to wit: D. A. Gibbs, John Lockwood, Robert Chandler, G. Burdick, G. W. Cook. So it appears that the Wisconsin Know Nothings "bolt" the nomination of FILLMORE and DONELSON—a very sensible thing to do.

REPUBLICAN NATIONAL CONVENTION.—There seems to be some misunderstanding as to the time fixed for holding the Nominating Republican Convention, which was caused by a blunder of the telegraph. The Pittsburgh Convention fixed the 17th day of next June as the day, it being the 81st anniversary of the battle of Bunkers Hill; the city of Philadelphia as the place; and the representation to be *three* delegates from each Congressional district. Wisconsin is entitled to nine Delegates under the call.

NEWSPAPER IMPROVEMENT.—The Stevens Point *Pinery* comes to us, enlarged to a seven column paper and otherwise improved. The *Pinery* is always among the most welcome of our State exchanges. It is spicy, original, and pays proper attention to "local items." While we mourn our contemporary's blindness touching political matters—the *Pinery* being joined to its Democracy and Nebraska idols—we must confess that in all things else it is quite a model paper.

WESTERN STOCKS AND BONDS.—There were sales in Wall Street, on Tuesday last, of 75 shares of the Wisconsin Lake Shore R. R., at 72½, and by Mr. Nicolay, at Auction, of $10,000 Milwaukee and Mississippi R. R. Farm mortgages at 90½ and $2000 Galena and Chicago R. R., first mortgages at 89½. The circuit of Messrs. Marie and Kanz, r the steamer, pr says: "City and County Bonds are firm. Milwaukee, have advanced 8 per cent."

A DAILY AT BEAVER DAM.—Mr. HULL, proprietor of the Beaver Dam Republican, gives notice that he will commence the publication of a Daily paper, of the size of the *Free Democrat*, on the 17th instant. By that time the La Crosse and Milwaukee R. R., will be completed to Beaver Dam, and, of course, such a go-ahead town must have a daily.

Adjourned Railroad Meeting.

The adjourned Milwaukee and Beloit Railroad Meeting held at the Court House on Saturday evening, was well attended and the spirit manifested that those interested were in earnest. Geh. Grant was called to the chair and Mr. Aiken chosen Secretary.

The chairman said he believed there was a Committee appointed at the last meeting who were to report at this. He would hear the report:

Dr. Weeks, Chairman of the Committee, said, he had no regular written report to offer. The Committee had only one week to get ready to report at this meeting; it was too short a time, but as the Committee were instructed to examine into the matter, collect facts and report at this meeting, they had done so.

Proceeded to read table of distances:

From Milwaukee to Muskego,	15	miles.
" " " Big Bend,	19	"
" " " Mukwanago,	25	"
" " " East Troy,	31	"
" " " Elkhorn,	42	"
" " " Delavan,	46	"

He believed that this road could be built without detriment to any other road, and would be the means of bringing to Milwaukee the business of towns that now contributed nothing to the trade of Milwaukee. The two roads would give an advantage to Milwaukee over Chicago, because of the less distance to sea navigation via Milwaukee, and of the excellent Bay, noble river and the facilities of discharging cargo without danger or delay. In transporting wheat from Milwaukee to Buffalo, some 8 cts. on the bus. would be saved. The country through which these roads would pass, was already wealthy—teaming with wealth although only in their infancy—there would be no doubt but that they would be the very best stock paying roads, and that was the most important item in the account.

Dr. Weeks then proceeded to read the resolutions of the Committee.

1st. *Resolved*, That we regard the Milwaukee and Beloit Railroad enterprise as eminently deserving our hearty sympathy and co-operation.

2d. *Resolved*, That the Common Council be requested whenever they decide to loan the credit of the city to any Railroad leading to the South West, to require that such direction be made for the first 15 miles, as will mutually accomodate both the Milwaukee and the Fox River Valley Roads, as a common trunk from Muskego Centre, or such other point as the Survey may determine as the most advantageous to this city, and the road which shall receive this aid, be required to assent to this arrangement, and to grant such connection, on equitable terms, as a condition previous to receiving such aid.

The third resolution after being rather warmly discussed was withdrawn, and Mr. Aiken offered one instead which was adopted.

Resolved—That we pledge ourselves to use our efforts to raise by means of private subscription, or by Corporate aid $300,000 for the construction of a Railroad to or near Muskego Centre as a common trunk for the Beloit, Milwaukee and the Fox River Valley Road provided the inhabitants on the line of these two roads will build their roads to the point of connection.

Judge Spooner, of Elkhorn, being called, said he had not come here to *instruct* Milwaukee as to what was best for her interests, but to consult with her as to the best means to be used to secure the building of the Milwaukee and Beloit Railroad. Elkhorn wished to extend the hand of fellowship to Milwaukee, and wished to be in Railroad communication with her—this was the sentiment of the business men of Elkhorn.—Elkhorn, like Milwaukee, wished to be in connection with the whole world—but especially with Milwaukee. They were not strangers in the Milwaukee market, neither were they in other markets—their first wish was to be in connection with Milwaukee, but if they could not be on fair terms they could choose another. People might as well say what they meant—it was for the interest of Elkhorn to be thus connected, as well as Milwaukee, although he believed Milwaukee would receive the lion's share.

He was a friend to all Railroads but of this in particular because it would be for the interest of Elkhorn, and interest was the mainspring of the action of all other towns as well.

Mr. Hibbard wished he was an orator, he would like to make a speech upon the building of this road. Thought too much was required of the country and that the city did not propose to do enough. He alluded to the 3d resolution and offered an amendment, (which was withdrawn with the resolution)—the country could raise what was required of them but it was more than was necessary—it was twice the basis of any other road that had been built in Wisconsin—he had hoped that the enterprise would have been met with more cordiality by Milwaukee. The Road was an important one and the objects of the meeting should not be defeated by asking too much of either party.

Mr. Foote said he had a strong interest in the construction of this road—was an early settler in the country through which it would pass, and knew its wants well—should be in connection with the Milwaukee market. Why should we stand still and let Chicago build her Central Road, the stock of which or at least the greatest share was owned in that place, to be another tap to Milwaukee—to Wisconsin—when by building the Fox River Valley and the Milwaukee Roads we could direct this drain to Milwaukee—the city could still loan her credit to the amount of $250,000 for the construction of Railroads without a further enactment of the Legislature—it would go to some road, why not to this?

Mr. Belden, President of the Fox River Valley Roads was called—Said it had already been agreed to have a common trunk for the Fox River Valley, and the Milwaukee & Beloit Railroads as far as practicable the Fox River Valley Road made no objection to this they did not reject the Milwaukee & Beloit, and knew no reason why they should reject them.

Gen. King called for a vote upon the resolutions.

Mr. Merrill said he would like to make a few remarks before the vote was taken. He thought the country had offered fairer terms to the city for the construction of the Milwaukee & Beloit Raod than the country had ever offered to the city before. It seemed as though Providence had marked out the lines for Railroads to this city. If the Fox River Valley and the Milwaukee & Beloit Roads were built he believed that goods for St. Louis would come up the lakes via. Milwaukee, instead of going by Sea to New Orleans and up the Mississippi. All Milwaukee had to do was to build her share of the road and this great object would be effected—proposed to increase the amount to be raised by the city to $300,000, (included in the resolution.)

The question was then raised as to the best point of connection for the two roads.

Mr. Reymert said he did not wish the impression to be given that Muskego Centre was the only connection that could be made. There was no doubt but that there was a strong sectional feeling at that place and that they would try to make it for the interest of the Company to select that point, but the citizens along the line of the road would be satisfied with any point that should be settled upon.

Gen. King proposed that the resolution should be amended so as to read, "from Muskego Centre or such other point as future surveys may determine as the most advantageous."

Mr. Windsor upon the withdrawal of the third resolution said, he should like to see more definite action by the meeting. When he went back to his friends, he wished to be able to tell them what amount Milwaukee would raise and what amount was expected of them. The country would do their share and expected Milwaukee to do hers. (Mr. Aiken's resolution as substitute for 3d, offered and accepted.)

Gen. King thought there could be nothing further before the meeting. Resolutions of a similar character had been passed at both meetings and that preliminary action was complete.

Adjourned.

Pardon of Convicts.

Mr. BARSTOW on Thursday communicated to the Legislature a list of the convicts pardoned by him during the last year, with the reasons for such pardons. The whole number of these recipients of Executive clemency for the past year was *forty-six*. Of these, 24 were pardoned on the day previous to the expiration of their sentence, "upon petition and evidence of good behavior and reformation." There names were:

Geo. Robinson,	Edward Smith,
Frank Dunn,	Peter Dorus,
Henry Kessel,	Wolfgang Ackerman,
John Waltz,	A. D. Drummond,
Edwin Brown,	Wm. Netzer,
Geo. Smith,	John Angler,
Theo. Hanebuscher,	Anna Prueger,
Thomas Boyle,	Timothy Fuller,
John O'Donnell,	Catherine Eagan,
Geo. Myers,	Charles Ohase,
Charles Allen,	Charles Graham,
Augustus Lessser;	Elizabeth Clancey.

The names of the 22 pardoned for reasons given are as follows:

Thomas H. Mosher,	John S. Berger,
John Meyer,	Edmund Hopkins,
Patrick Vaughn,	Michael Magney,
Elias Downing,	Theodore Randall,
Edward Carey,	Mary Sanders,
Alfred O'Phin,	Bridget Tracy,
Austin McGreal,	Wm. Schobert,
James McGulay,	Simon Alder,
Thomas McOuley,	Geo. Gowler,
Wm. O'Leary,	Wm. Thompson,
Henry Bulson,	Peter Hoeltgrer.

We copy the reasons adduced for two of these pardons, as they have formed the occasion of frequent comment in our city press:

Simon Adler was convicted at the Circuit Court of Milwaukee county, on the 28th day of May, 1855, for the crime of obtaining money under false pretences, and was sentenced to one year and six months imprisonment in the state prison. Pardoned August 2, 1855, on the ground of probable innocence of participation in the fraud, as appears from the evidence furnished. A petition numerously signed by respectable citizens accompanied the application.

William Thompson was convicted in the Circuit Court for Milwaukee County, on the 7th day of October 1851, of the crime of burglary, and was sentenced to two years and six months imprisonment thereon. Pardoned November 22d, 1855, on condition of his leaving the State Wisconsin within thirty days, and remaining absent therefrom until the expiration of the time for which he was sentenced. The reasons which induced the granting of the same are contained in several certificates of the resident prison physician, and which were to the effect that said convict could not survive if left to serve out the term of his imprisonment. The certificates are couched in strong language and are so positive in their character that I believed it consistent with my duty, under the circumstances, to grant a conditional pardon. The additional evidence of the state prison commissioner and the chaplain was also furnished me as to the correct behavior of the convict while in the prison.

FOX AND WISCONSIN RIVER IMPROVEMENT.—Ex-Governor Doty and Gen. Jno. A. Brown have published a card intimating that the Improvement Company have no right to sell the lands granted to the State in aid of this Improvement, and that, in the opinion of "many persons," the Company has forfeited its charter by misuse and neglect to prosecute the work. We are surprised to see this missile cast by the Milwaukee Sentinel, as if to be approved.

"Neglect to prosecute," indeed. That Company has done all that ever was done; it has improved the great Rapids of the Fox, and in almost an incredible short time. We advise no persons interested, to be alarmed about the Company's title to the lands; we take some pains to be informed; and see no reason to doubt either the Company's completion of the work, the retention of their charter, or their title to the lands, malgre the card of Gov. Doty and Gen. Brown.—*Stevens Point Pinery.*

The Milwaukee *Sentinel* copied the "missile" in question, as a matter of news, and with no thought, or purpose, of approving, or disapproving the same. We certainly have no wish either to embarrass the Company, or to delay the Improvement, and hope that the *Pinery* is right in its counsel and conclusions.

FIRST JUDICIAL CIRCUIT.—The Madison *Argus* says that "the members of the Legislature from "the several counties in the First Judicial District and several gentlemen from Racine, Kenosha and Rock Counties," now at Madison, have been casting about for a Candidate for Judge to fill Judge DOOLITTLE'S vacancy. They appear to have fixed upon the Hon. A. W. FARR, member of Assembly from Walworth County, whom the *Argus* advises the voters of the District to elect. The vacancy is to be filled at the Town Meetings on the 1st Tuesday in April. The Janesville *Gazette* intimates that a candidate will be presented from Rock County, to fill the post.

AN EXTENSIVE ESTABLISHMENT.—The consolidation of the Perkins Mills and the Dwight Manufacturing Company, at Chicago, brings into one concern a capital of $1,700,000. This is said to be the largest establishment in New England devoted entirely to the manufacture of domestic goods. Seven first class mills are included in it, running 60,000 spindles, and giving employment to more than 1,000 persons.

EDITORIAL ACCESSION.—We have accidentally omitted to notice the fact that Mr. THURLOW W. BROWN, formerly of Auburn, New York, and editor of the well-known *Cayuga Chief*, but now a resident of Jefferson County, in this State, has assumed the management of the Jefferson County *Republican*. Mr. BROWN is a sound thinker and vigorous writer, and we gladly welcome him among the laborers in the Republican vineyard.

LAND SALES IN MENASHA DISTRICT.—The Green Bay *Advocate* of the 28th ult. gives the subjoined extract of a letter from a correspondent which not only contains valuable information, but speaks of the land officers of this district in just terms of commendation.—*News* of Saturday.

The letter in question which the *News* and Green Bay *Advocate* publish was written to the *Sentinel* and published in our Daily of Feb. 22d.

POST OFFICE CHANGE.—We learn that Mr. C SIMONDS has been appointed Postmaster, at Hartland, Waukesha County, in place of E. G. BENJAMIN, resigned.

☞ RICH, Lander & Co., last Saturday, sold the steam Saw Mill in the sixth ward of this city, for $7,000, together with pine lumber amounting to about $20,000 more, to Webster and Peasly, of New Hampshire, gentlemen of capital, who propose to make this city their residence and carry on the lumber business. We learn they are going to make some valuable additions to the mill. Among other things they will put in another boiler, set in operation a siding mill, add a circular saw to the establishment and expend in all some $2,000 in this way.

It is only a few months since Rich, Lander & Co., bought this same property for $6,000, which they have just disposed of for $1000 advance.—*Watertown Democrat.*

A HEAVY JUDGMENT.—We learn that the Hon. A. HYATT SMITH has obtained judgment in the Rock Circuit Court of $121,129,17 against the Rock River Valley R. R. Co. This latter company is now consolidated with the Chicago, Fond du Lac and St. Paul Co., and the judgment is an equitable claim against them.—*Madison Argus.*

12,000,000 Feet Pine Lumber besides Hardwood and Basswood will be sawed this year.

10,000,000 Brick to be made this season; Five Million made last year; Six Million contracted for this season.

Post office 18 feet by 50 feet; 84 drawers, 1,100 boxes—the best in the State except the one at Milwaukee.

There are 3 weekly Newspapers—2 English and 1 German.

The aggregate Banking Capital amounts to $200,000.

The CITY of Watertown contains a population of 8,526.

These figures are taken from the last census.

There is one Pork Packing establishment, at which more than 1100 hogs have been purchased and put up during the past winter.

The city of Watertown is finely and favorably situated on Rock river, in Jefferson County, forty five miles west of Milwaukee, and about the same distance from Fond du Lac at the North, Madison at the west, and Janesville at the south. It now contains a population of 8,626 inhabitants, according to the enumeration of 1855, and has within its limits three of the best water privileges in Wisconsin, which only need the aid of a little more capital to create a city which will rival Lowell in the number of its spindles, or Rochester in its flouring mills. It is surrounded on all sides by some of the richest soil of the State, which is rapidly rising in value, and forms the centre of an intelligent and enterprising community.

The Chicago, St. Paul and Fond du Lac Railroad is nearly graded to this city from its northern terminus, and there is a reasonable prospect of its being completed within the next year. The Milwaukee and Watertown Railroad is in full operation, and by the first of October, will be extended to Columbus and onward to the Mississippi. Measures have been taken for the immediate construction of the Watertown and Madison Railroad, which, when finished, as it is sure soon to be, will place this city on the main principal thoroughfare of the vast and increasing amount of trade and travel that is destined to pass through the heart of the state. No other point in the West can afford superior inducements to the man either of large or small means, as a place of profitable investment or permanent residence.

BREAKING UP OF THE ICE AT ST. LOUIS.

Destruction of Twenty-Five Steamers.

On the evening of the 26th, the ice in the Mississippi, at St. Louis, gave way, and under the great pressure of the rising waters, ran down upon the steamers that were lying at the levee, and tore them away from their fastenings, wedged them between heaps of ice, ground them into kindling wood or bore them off to be cast upon the shore hopelessly wrecked. This catastrophe has been for some time apprehended, and any thing that seemed practicable was done to arrest it, but in vain. The weight of the ice and power of the waters were not to be overcome by any means at command, and as a consequence this wholesale destruction is recorded.

The reporter of the *Republican*, who visited the scene of the disaster, reports what he saw.

The Levee yesterday morning presented a drear and desolate spectacle—looking more like a scene in the Polar regions, than in the fertile and beautiful Mississippi valley. The Father of Waters, wakened up from his long sleep, was pitching along at a wild and rapid rate, as if to make up for lost time. His ice coat of mail was torn into shreds, which lay strewn along the shore on both sides in huge, continuous piles, and fragments of which were still floating on his bosom. The ice on this side was forced a considerable distance upon the Levee, and was in some places heaped up to the height of fifteen and twenty feet above the water. Where the boats had lain thickly a few hours before, nothing was now to be seen save this high bulwark of ice which seemed as if it had been left there purposely to complete the picture of bleak desolation. The whole business portion of the Levee was clear of boats, expecting the two wrecked Alton wharf-boats, which were almost shattered to pieces and cast upon the shore in the midst of the ridge of ice. Their upper works were rendered entirely useless, save for fuel, and both hulls are badly cut by the ice, but may be repaired and made to serve their purpose again.

We yesterday visited the boats which were carried down, and for which so much solicitude was felt. They are twenty-three in number, all lying between the Lower Dyke and the Arsenal —scattered along the river for the space of a mile. They are in groups of threes and fours, and an occasional one is seen by itself.

We have now related, as nearly as could be ascertained, the condition of all the boats which were torn loose from their moorings and carried down by the ice, excepting about twenty canal boats. They lie scattered in great confusion among the steamers, making a delightful variety.

We may now remark, in connection with the total loss sustained by the breaking up of the ice, that it will be far less than was at first anticipated. Several of the boats sunk, or otherwise rendered useless, were old and of little value.—There was no boat in port that entirely escaped damage, and the injuries varied in extent from $100 to $8,000, excepting those boats which are entirely lost.

The total loss is variously estimated from $50,000 to $150,000. It is certainly more than $50,000, and we presume that $100,000, the medium, will be far from a correct estimate. Nor is it known that there will not be further damage.—The steamers near the Arsenal are in a helpless condition, being bedded in the ice which has gorged in the slough, and is sufficiently strong to admit of persons passing to and from the boats. They are merely sticking there aground, awaiting a sufficient flood to carry them off, and there is no telling the accidents they may yet meet before they can be considered as safe. Their owners are now taking every means to provide for their safety, and we hope they may succeed.

The prospect is, however, still dreary for many of them, but as the river was rising last evening, we shall probably know their fate in a day or two.

National Convention.

By reference to the telegraphic report of the Republican Convention held at Pittsburgh on the 22d inst., which we publish in another place, it will be seen that a Republican convention, for the purpose of nominating candidates for the offices of President and Vice President, to be held at Philadelphia on the 17th of June next. It is a good place for such a Convention, and the time is not objectionable.

The times and circumstances seem to us favorable for the triumph of the Republican cause next fall, if the course of events is not marred by unwise action or contention in our ranks. The crisis at which we have arrived as a nation, demands once more at the head of the Government, a Statesman of large experience, commanding talent and sound judgment. The nation has had a surfeit of mediocrity in its high offices, and we believe the people are now ready to so far forget political preference, and party fealty, as to elect to the highest office in their gift, the man whose capacity is in some degree commensurate to the station he is called to fill. Such a man we now have in the Republican ranks—who has ever been true, as the needle to the pole, to all the great principles now advocated by the Republican party—whose talents, ripe judgment and long experience, have given him a proud position in the front rank of living Statesmen. It is almost unnecessary to say, that this man is William H. Seward, of New York.

With such a standard bearer we could go into the canvass with the strongest incentives to *work* —a reasonable prospect of success, and the conviction that if we succeed, we shall have done the greatest possible good for the country. We believe that Mr. Seward is not only one of the best men we could put in nomination, but the strongest man in the Republican ranks.

There are other distinguished Republicans, but none more worthy or better fitted for the station. It is very probable that he would meet with strenuous opposition from the South, as well as from the bogus Democracy of the North, but it would be an opposition that we should glory, in the opposition of Slavery propagandism, to the free principles of Republicanism.

The cup of iniquity of Pierce & Douglass Democracy is full and running over, and the day of retribution is surely coming. The popular tide needs only be allowed to run its free course, to oust it down from the high places it has so long disgraced. In what more effectual manner can its demagoguism be rebuked, than by the election of such a man as Mr. Seward to the Presidency?

We know not what our brethren of the Republican press may think in this matter, but our views are here set forth. Let us have an expression of the press and the people, that we may compare notes. The time for the Convention is not so far distant that we need to wait. The 17th of June will soon roll around, and whatever action may then be taken, or whoever may be nominated, it will not be out of place that the delegates know the general sentiment of the people.—*Kenosha Telegraph & Tribune.*

The Monroe Tragedy—Remains of the Victim—Devotion of a Wife.

After Monroe, recently so lawlessly hung at Charleston, was cut down a lifeless corpse, he was placed in a wagon and given to his widowed wife and mother. They, the mother and wife, took care of the cold remains, and a few days ago, when that corpse passed through this city on its way to Kentucky for interment, the heart-stricken wife clung to the pulseless form of her murdered husband, and with a true woman's heart, remained with it until the night of the grave shut out forever from her view the object of her love.

This is a singular case—Monroe, the husband, deprived the father of the wife of his life. He who had given her being, was sent to an untimely grave, by the one who had sworn to love and protect her. Filial affection and woman's love came in conflict—two of the strongest passions of the heart met and struggled for mastery—woman's love for her husband triumphed over all other passions, feelings, emotions or circumstances. The world had forsaken Monroe—like blood-hounds seeking for their prey, he was beset on all sides by an excited mob—"crucify him! crucify him!" rang from mouth to mouth, until to him the whole world seemed thirsting for his blood. No voice spake in his favor, no tongue plead in his behalf! a gloom, dark and appalling, surrounded him, and his life ebbed low.

But in that town of Charlestown, within hearing of the fiendish shouts of the mob, there was a heart that clung to Monroe—there was an arm, if it could have summoned the power, would have shielded and protected him. It was that heart which beat warm in the bosom of his devoted wife—it was that arm which hung affectionate at her side. Noble hearted woman, verily it is still true, that a woman, "shall leave her father and mother, and be joined unto her husband.—*Terre Haute Express.*

The following letter was written by Mrs. Monroe, and sent to her husband a few days previous to his death. The person whom she mentions as Pole, is N. B. Aulien, brother-in-law of A. P. Monroe:

CHARLESTON, Feb. 12th, 1856.

MY EVER DEAR HUSBAND:—How miserable you must be. My very heart aches for you. I have not given up yet—I still have hope. I am now at Mr. Bail's with Pole and Ma. Pole has been a brother to me and a true friend to you. I intend to make his home my home, wherever that may be—I hope a good ways from here—the farther from here the better. *I would rather die to-night*, than to stay here among *my enemies*, for those who are *your* enemies are *mine*, and *your* friends are *my* friends.

As soon as I can make arrangements and get the means I will leave this town, *never* to return again. May is well. Farewell, but I hope not forever.

I subscribe myself your true and devoted wife,
NANNIE MONROE.
And proud to own it.

Off for Kansas.

VIROQUA, (Bad Ax. Co.,) Feb. 22, 1856.

FRIEND RUDLEE & GARY:—I have taken my rifle and carpet sack and I am on my road to Kansas, to see if the Missourians can scare me. I have settled up my affairs in this place and shall not give it to any one to say that I went away without paying the editor for my paper. I send you $2,50, as I believe it is nearly right. I do not know how long I have been taking it, so stop it until you hear from your friend when he settles in Kansas. I remain yours truly,

J. P.

—Men who pay their debts in this manner, and set out with rifle and carpet bag for Kansas, "to see if the Missourians can scare" them, are the sort of men needed there just now.—*Eds. Journ.*

BONES SALVE.—Last Thursday we reported a sale of 50,000 bus. Milwaukee spring wheat, deliverable here on or before the 15th June next, at $1,45. This we have since learned, was not a *bona fide* transaction. We doubted it at the time, and distinctly asked if it were real? To which we received an affirmative answer. As the operation, however, in the existing condition of the produce markets throughout the country, appeared so extraordinary, we reiterated our question, and were again assured that it was a real sale. We therefore could not withhold its publication, much as we knew it conflicted with the general views of dealers. We have now ample authority for saying that it was all a sham—a "bluff." The contract was written by a third party, and signed by the seller, who retained his hold of it, bantering with the buyer. Upon the latter coming forward to sign it, the former tore it up and threw it in the store. The parties are Milwaukee gentlemen.—*Bugalo Commercial, Feb. 26.*

DAILY SENTINEL.

Milwaukee, Monday Morning, March 3, 1856.

CITY MATTERS.

ATTENTION FIREMEN!—The several Engine Companies of this City will meet for practice, on the river below Spring Street Bridge, this, Monday morning, at 10 o'clock.

S. S. DAGGETT. Chief Engineer.

Monday, March 3d, 1856.

Circuit Court, March 1.

JUDGE HUBBELL, PRESIDING.

John R. Lindsay was tried for keeping gambling apparatus and acquitted. The following prisoners were sentenced. Charles Owen, for larceny in a shop 18 months to State Prison. George W. Armstrong, stealing from a vessel, 18 months do. John Scott, larceny in a shop, 1 year and 10 days do. Frederick Pereis, compound larceny, 1 year do. Edmund O'Brien, highway robbery, 15 months do. John Higgins, larceny in a dwelling house, 2 years do. John Dunn, do, 1 year and 11 months do. James McAuddie do, 1 year and 10 months. Hannah Higgins, 1 year do. Johanna Duva, 1 year do. John Holland, a colored man, stealing a watch, 1 year do. John Humphrey, stealing a horse, &c., 1 year and 3 months.—Van Slyke Clark, stealing pork, 6 months to County Jail. Shephard Lindsey, stealing pork, fined $25. Thomas Pitchard and Sybil Spencer, indicted for keeping a house of ill fame, was set down for trial—to commence this morning.

Police Court, March 1.

Frederick Schweiger, drunk, sentenced five days to jail.

George Dickerson plead guilty to an assault and battery upon Mary Nolk, and was fined $5 and costs.

A woman named Theodora Ristoff was complained of by Peter R. Storms, for stealing a quantity of wheat, of the special property of the Milwaukee & Watertown Railroad Company of the value of 87½ cents; the woman was found guilty and a fine of $10 inflicted.

ANOTHER SUIT AGAINST THE CITY FOR DAMAGES TO A HOUSE ON CHERRY STREET BRIDGE.—In the forenoon the case of Henry Liederbach vs. the City of Milwaukee, was tried before the Police Justice. The action was brought to recover damages alleged to have been sustained by the plaintiff's horse having broke through Cherry Street Bridge and the case submitted to the Court, who stated that there were some points of law he wished to examine before deciding the case.

The lawyers for the case were Gen'l. Paine for the plaintiff, and the City Attorney for the defendant; the latter making a long speech, half of which was devoted to the Reporter present, continued to such a length that the Court interfered, remarking, "if this Court has committed any error there is a remedy. I want to try this case now, and none other." The other portion, or some parts of it, was applicable to the case.

Christian Waltzenregel, for fast driving on bridge, fined $2.00.

A warrant was issued against Charles Ridel for assault and battery upon Johanna Ridel.

GO AND SEE THEM.—In BROOKS,' the portrait painter's studio, in the upper part of Van Cott's Block, are to be seen two portraits, oil paintings, on canvass, of two eminent persons—at the present time one of them the most notorious in the State. The other is not much less in notoriety. The pictures are most certainly splendid likenesses, and exhibit the talents of the artist in their perfection.

One of them is WILLIAM A BARSTOW, Esq., *late* Governor of the stateof Wisconsin, and whish, strangers visiting the studio, can easily distinguish by the sentiment of distrust which shades the otherwise handsome features, and the doubtful and uncertain gaze with which the *portentit* is looking into the future; in addition to this, some rascal (who by the by should be indicted) had written in pencil on the canvass, *ex-officio*. Strangers, after this description, will certainly have no difficulty in distinguishing from the rest this portrait.

The other is that of an elderly gentleman of the ancients school, but of, most certainly, modern practice. This portrait reminds us of one we had seen in some European gallery, in which the artist had attempted to blend, in one picture, the sanctity of the clergyman, with the cunning of the lawyer, a practitioner whose services would command an immense fee in the prosecution of a case where the *telly* was counted of more value than the *soul*.

The pictures reflect great credit upon the painter for their accuracy, and should be seen before they are removed, in a day or two.

BOARD OF TRADE—MARINE HOSPITAL.—A special meeting of the Board of Trade was held at their rooms, Saturday afternoon, but the notice being brief, the attendance was limited. The only business transacted was to appoint a Committee to solicit the co-operation of the Common Council and our citizens generally, in asking Congress for an appropriation to build a Marine Hospital at this port. A letter from Mr. WELLS, our Representative, was read in which he expressed his belief that if proper representations were made from Milwaukee such an appropriation could be obtained. The rapidly increasing commerce of our port would amply justify the proposed expenditure.

MR. SUMNER'S LECTURE.—The lecture on Saturday evening before the Young Men's Association attracted a full house, and was listened to with profound attention. Mr. SUMNER's personal acquaintance with the men and the incidents described in his lecture gave additional value and interest to what he said. His opinion of Louis Napoleon is not very flattering, nor was he over complimentary in his notice of John Bull.

DRAMATIC READINGS.—We desire to remind our readers that Mrs. WEBB is to read "Uncle Tom's Cabin," as dramatised by Mrs. STOWE, at Young's Hall this evening. In Boston, New York, Buffalo, Cleveland, and wherever, in fact, Mrs. WEBB has given this entertainment, she has met with very decided success, and won the applause of the most fastidious critics. We hope that she may be regaled by a full house to-night.

THE OPERA TO-MORROW.—The rehearsal of "Stradella," on Friday evening was very satisfactory. To-morrow night the Opera will be produced. We are quite sure that it will delight our music-loving public. Books containing the words in English may be obtained at NIEDECKEN'S Book Store on Market Square. Price 10 cents.

LAKE SHORE RAIL ROAD.—See notice of the change of time in the starting of trains on the Lake Shore Railroad, morning and afternoon, to be found this morning on our first page. Also, notice change of time on the Milwaukee & Watertown Railroad, under new advertisements.

PROFESSOR TAYLOR'S CONCERTS.—Professor TAYLOR, accompanied by MRS. TAYLOR and MISS BRENNAN, leave here to-day for Madison and Janesville, at both which points they will give concerts. They are richly worth hearing.

FIRST DAY OF SPRING.—Saturday, the 1st of March, was not particularly Spring-like, in look or feeling. The air was raw and chilly, and it snowed briskly for several hours.

ALARM OF FIRE.—The alarm of fire on Saturday evening, between 7 and 8 o'clock, was caused by the burning out of a chimney in the First Ward.

CITY LAND OFFICE.

I HAVE SEVERAL Dwelling Houses and Lots in First, Second, Third, Fourth, Fifth Sixth and Seventh Wards for sale, and I think at good bargains. I would say to all who have not yet secured themselves a homesteads, that they will regret it. Property inside the city, will sell for fifty per cent more, in six months.

The improvements and building this year will not be less than a million of dollars—the greatest fear is the want of machinists and mechanics—these are facts. I have no desire to influence any one in any course which would not be for his general interest. How many have lost thousands and thousands of dollars for not taking my advice a year ago.

Milwaukee, in three years will have one hundred thousand inhabitants—if we can only get houses built fast enough. C. WALL.

CITY LAND OFFICE.

MARCH 1, 1856.—Below I send you a list of houses, lots and lands sold the past week. Remarks are occasionally made by strangers and new comers that we are getting property too high. *They is not so.* Let it be remembered the lots in our city are 99 feet front and 120 feet deep, while in other cities no larger than ours, whose prospects do not begin to compare with ours, lots are only 30 feet front and 120 feet deep, and at the same time they are selling their 30 feet lots higher than we sell our 60 feet.

I would, also state, for general information, that the several lots reported to have been sold, the improvements are as valuable as the lots; and often where extravagant prices are obtained for lots, it is an exchange for Mill Road or Manufacturing stocks, or a barter for other property.

The demand for house property continues very great. I have several good houses, pleasantly located, and convenient to business, and would advise all who want a home to be in haste.

I AM GOING to have a public auction of City Lots on the 25th day of March. The number of Lots will be limited to 50 for that day. All who have a desire to avail themselves of the advantages, will find it their list during the next 10 days. march5y CALEB WALL,

STATE OF WISCONSIN, } Milwaukee County Court.
Milwaukee County, } IN PROBATE.

In the matter of the Estate of William E. Dunbar, deceased.

ON this 29th day of February, A. D., 1856, on reading and filing the petition of Peter Martineau, administrator of the estate of William E. Dunbar deceased, showing that six years from the date of the original order granting time to said administrator for the payment of the debts of said deceased and for the settlement of his estate have elapsed, and that he has been unable to settle said estate during the time allowed to him, and praying that the further time of one year may be granted to him for said purpose;

It is ordered that said petition be heard before me at the Probate Office, in the City of Milwaukee, on the 25th day of March, A. D. 1856, at 10 o'clock A. M.

And it is further ordered that notice of said application and of the time and place of hearing the same be given by publishing a copy of this order for three weeks successively in the Milwaukee Sentinel, a newspaper printed in said city prior to said hearing.

SANDS & CUMMINGS'

NEW & IMPROVED PATENT BRICK MACHINE

FOR TEMPERING THE CLAY, MOULDING AND PRESSING

Six Bricks in five Seconds

Completed at a Single Operation,

BY STEAM, HORSE, OR WATER POWER.

IN presenting this wonderful machine to the public, the patentees and proprietors wish to make no vain boast of its abilities, or assert in its behalf a single word which cannot be substantially and satisfactorily established, and they appeal to the practical brick makers of our country with confidence, when they add, that such a machine is in positive and absolute demand. The business of brickmaking is now engrossing great attention, and the rapid growth of our land seems to show that our present facilities will hardly meet a fraction of the demand for the useful article of brick. It is proposed to furnish by this new means of manufacture. In New England and the Great West, the supply has not been adequate these last ten years and the consequence has been, the prices of bricks have been exorbitant, and that most especially during the very last year it has been almost an extortion.

SANDS & CUMMINGS' Brick Machine is built mostly of iron is about four feet square, and five feet high in the rear. When it is worked by horse-power, with four or five hands employed, (no more being required,) it turns out from four to eight or ten thousand per day of ten hours. It is successfully operated by any ordinary laborers, who, by it, become fully competent to the most intelligent and experienced brick-makers.

CERTIFICATES.

WASHINGTON, December, 27, 1853.

DEAR SIR.—I have examined with much care and interest your Brick Moulder and Temperer, on Capitol Hill, in this city, and cheerfully bear testimony to its excellence. I consider its simplicity of construction, its rapidity of execution, and its durability, to be apparent to every observer, and I can say that the experience of twenty-five years in the manufacture of bricks, has given me good opportunities of judging closely in this matter. I think your machine is unrivalled as a Brick Machine in the United States. Respectfully, yours, S. HAYDEN.

H. SANDS, Esq. Practical Brick-Maker, at Palmyra, N. Y.

WASHINGTON AQUEDUCT OFFICE,
Washington, Nov. 28.

SIR:—I was present, yesterday, at an exhibition of Sands & Cummings' Brick Machine. It appeared to me to be conveniently arranged, to be simple in its construction, not likely to get out of order, and it did its work quietly and effectually. I think it a very good machine.

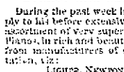
PIANOS AND MELODEONS ONLY



IN ALL LARGE CITIES the PIANO and MELODEON trade is a department by itself, requiring the entire attention of the manufacturer or dealer. Believing that such an establishment can be sustained in this Musical City, the subscriber will devote his time to the trade in

Pianos and Melodeons exclusively.

During the past week he has received an additional supply to his before extensive stock, and now offers a complete assortment of every superior 6, 6½, 6¾, 7¾ and 7 octaves Pianos, in rich and beautiful cases, chaste but not gaudy, from manufacturers of established and unequalled reputation, viz:

Lighte, Newton & Bradbury, New York.
Jacob D. Dunham, New York.
Hallet, Davis & Co., Boston.
Mason & Hamlin's Model Melodeons.

The subscriber regulates and tunes his Pianos and Melodeons if necessary, after their arrival in Milwaukee, himself personally, thereby insuring as perfect order and tone in the instrument as when it left the manufactory.

Capital over $185,000, in Cash & Premium Notes.

THIS COMPANY offers unlimited facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are, security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incompatible ease with which losses are settled. During the last five years, this Company have issued 5000 Policies, and made but three assessments, at a cost to the property insured, not exceeding two mills on the dollar—its business is principally confined to this State.

WILDER'S PATENT SALAMANDER

SAFES.

THE BEST FIRE-PROOF SAFE in the World, Depot No. 122 Water St., near Wall St., New York. The thousands of Certificates from Merchants, Bankers, and Mechanics of all trades, that have been given in favor of this, the only true "SALAMANDER," renders it useless for the subscribers to multiply words in its favor, as full twenty-five thousand of "WILDER'S PATENT SALAMANDER SAFES," have been manufactured and sold in the United States; and in almost every large fire that has taken place during the last ten years, these Safes have been subjected to the severest tests, and not one of the "Genuine Salamanders" has ever been destroyed.

THE EAGLE

STEAM FOUNDRY!

—OF—

TURTON & SERCOMB,

296, 298, 300, 302 and 304 West Water St.,

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Stopping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of horse power to drive the whole, thereby adding in the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

DEFY COMPETITION

in any department.

In regard to the character of the work got up by this Establishment in the State, the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both Practical Mechanics, and know how work should be done as well as the best man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GEARS AND CUTTER GEARS, OIL CUPS AND CROSS, and STEAM WHISTLES. Also TAPER'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GAUGE, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Gear or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "Excelsior."
